

## Free Pizza

Coffee + Pizza = Code, that's  
the coder's law, isn't it?

## Motivations Talk

Leaders know how to speak.  
After that speech, your  
developers wanted to start  
working 24/7

## Team Event

BBQ and Booze! Your devs  
left early and will come late  
tomorrow.

## Gummy-Bear

You won your weight in  
gummy-bears, that's good  
for morale, isn't it?

## LAN Party

LAN Party like in the old  
days, two days straight! The  
excitement is palpable.

## New coffee machine

Better coffee, better code

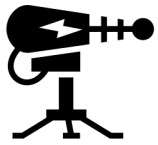

## Coding Dojo

Learning Zen in Haskell

## Energy drinks

Your devs have wings...  
their jokes are reaching  
higher levels

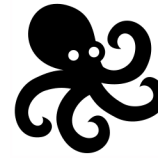

## Nerf guns

Office war has never been  
so much fun... kind of

## No meetings

Finally, some uninterrupted  
time, even if for one day  
only!

## Bug-topus

Who let intern Josh touch  
everything AND commit?

## Franken-bug

We copy pasted stuff from  
Stackoverflow... and it  
worked... kind of...

## Ghost stories

No trace of a user stories  
for this feature. Is this a bug  
or a feature?

## Here be dragons

You should have listened to  
the warning before making  
changes...

## Bugs can sting

The client asked the button  
to be \*FC0019 not \*EC0019!

## Christmas in summer

Who the f\*\*k forgot to  
remove the Christmas  
Easter-Eggs before pushing  
to production?

## Bugs-labyrinth

The clients might run into concurrency issues and lose hours of work and you dare not call that a bug?

+ 3 

## Sweet little bug

The page takes a few seconds to render... so what?

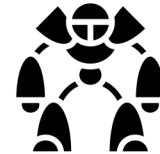

+ 1 

## I don't get it

There's nothing worse than when it works and you don't know why.

+ 2 

## Contra Code

If you press „Up-Up-Down-Down-Left-Right-Left-Right-B-A“, your user account is deleted, is that a feature?

+ 3 

## Starship troop-bug

The only good bug is a dead bug!

+ 2 

## Brainbug

Brain Bugs?! Frankly, I find the idea of a Bug that thinks offensive!
